CITY OF HARRISVILLE BOND

Shall the City of Harrisville, Utah be authorized to issue general obligation bonds to acquire and construct a recreation facility in the City, in an amount not to exceed \$6,000,000 and to mature in no more than 26 years from the date or dates of such bonds?

Property Tax Cost of Bonds

If the bonds are issued as planned, a property tax sufficient to pay debt service on the Bonds will be required over a period of 26 years in the estimated amount of \$105.66 per year on a \$320,000 primary residence and in the estimated amount of \$192.13 per year on a business or secondary residence having the same value.

The foregoing is only an estimate and is not a limit on the amount of taxes that the governing body may be required to levy in order to pay debt service on the bonds. The governing body is obligated to levy taxes to the extent provided by law in order to pay the bonds.
